Additional Comments: (Good or Bad we want to hear what you've got to say!): The online event planner is a very effective and efficient tool for anyone planning an event. It gave us an opportunity to really think through the song selections we wanted to hear. Additionally, the phone conference we had to go over the event planner helped us appreciate how much goes in to putting this all together and really showed Daniel's expertise and experience. On the day of the event Daniel's set up and transition from downstairs for the ceremony to upstairs for the reception was seamless. He played such a pivotal role in keeping everyone happy and the night wouldn't have been such a success without him. Through the course of the night there were many times when Daniel showed that he not only cared about the music but that he wanted to make our night special. He helped us keep the night moving and even made sure we both stopped to have something to eat. We had countless friends and family tell us how amazing our DJ was and we have to agree. We will surely be recommending Event My Way any chance we get!
